**Please Note** – America is a crazy place – we can ship to some states, but others don't allow it. The Supreme Court tried to fix that problem last year, but it didn't work. If your home state is against the free flow of delicious wine, we will let you know. Also, please note that all shipments are hand packed and sent only when weather conditions permit. This wine will not arrive as quickly as that book you ordered yesterday on amazon.com
